

Business Internet & Data Connectivity

FOR CARRIERS, TELCO'S, ISP'S & OTHER NETWORK OPERATORS

IN UAE, SAUDI ARABIA, INDIA, BANGLADESH & SRI LANKA

We help you save time and simplify business internet & data connectivity

Procurement, Delivery & Support

OUR CORE VALUES

1

WE WORK ONLY WITH LICENSED OPERATORS

DU, Etisalat, Integrated Telecom ITC, Tata, AirTel, ACT, Vodafone, Hathway, BOL, Link3, Dhacom & Dialog Axiata.

2

TRANSPARENCY

We understand and share quality of service data to ensure customers get the best possible service.

3

EXPERTISE

We have expert engineers ready to serve your needs and keep you connected.

4

TRUST

We are trusted by world-leading Telco's to deliver high-performance networking where you need it.

WHAT WE PROVIDE?

End-To-End Management

End-to-end management- we take ownership of the end-to-end provisioning, activation and management of your connectivity

Future-Proof

We can respond rapidly to your changing business needs and are ready to support you when you develop new services or applications

24/7 Support

Around the clock support giving you peace of mind

Wide range of Bandwidth Options

Choose the bandwidth you need from 2 Mbps upwards

Service Level Agreement

Industry-leading agreements tied to performance metrics ensuring availability, fulfilment and performance

Seamless Integration

Use an application-centric network with one unified IP network infrastructure

Cost-Effective & Flexible

This fully managed solution takes away the need for you to invest in expensive infrastructure and provides complete transparency

Resilient and Secure Infrastructure

Manage risk with rapid fault resolution to minimize downtime and disruption

Multiple Services

Choose from different services like Shared Broadband, DIA, Leased line, MPLs, IPLC & others - main & backup links with different backbone path

Managed Service Portal

Log in to a web-based portal to raise trouble tickets and monitor progress

Scalable

Having numerous bandwidth options makes it easier for you to upgrade and scale as your business grows with greater control

Locally Available

Local supply of equipment to your specification
